### Governance

Welcome to St Joseph’s Pre-prep

Kindergartens and pre-preparatory centres are managed by Diocesan Catholic Education Office (DCEO) Rockhampton for and on behalf of the Approved Provider – The Roman Catholic Trust Corporation for the Diocese of Rockhampton. The teachers working closely with the Diocesan Coordinator Early Learning & Care and Assistant Director: Schools are responsible for the overall operation and management of the service. Additionally, centres and families are provided with ongoing support through the Diocesan Catholic Education Office.

The centre aims to provide play-based learning experiences for children in the year before the preparatory year of schooling. It is through the dedication of our highly qualified staff that we can support every child’s spiritual, physical, social, intellectual and emotional abilities.

As an approved kindergarten centre we are committed to the following:

- Advocating for the rights and best interests of the child;
- Viewing children as successful, competent and capable learners;
- Promoting equity, inclusion and diversity;
- Valuing Australia’s Aboriginal and Torres Strait Islander cultures;
- Respecting and supporting the role of parents and families;
- Providing best practice through the provision of a four year trained teacher and qualified educators;
- Communicating regularly with families;
• Providing a program that supports children’s early learning with a focus on early literacy and numeracy, building positive relationships with others, emotional well-being, motor development and wonder about their world and God.
(Please refer to our centre’s philosophy for a comprehensive statement of beliefs)

Please take the time to read this handbook as the following information has been prepared to assist you and your child’s transition into kindergarten/pre-preparatory.

The centre is required to adhere to a number of guiding documents to fulfil its commitment as an ‘Approved Kindergarten’ and QCEC affiliated kindergarten. These include: policies and procedures, the National Education and Care Services Law and Regulations (Guidelines and fact sheets are available to assist families with these documents), The Kindergarten Guidelines, Spirituality in the Early Years and the Quality Improvement Plan. All documents are available to families on request. Please notify the service if you require these or any other documents to be provided in a language other than English.

SCHOOL BOARD
We believe that parents’ contribution to the centre is vital in the ongoing success of the service’s operation and delivery. The School Board plays an important role in providing a parent perspective and offering a voice for families.

The School Board aims to ensure that effective communication exists between all key stakeholders of the centre. Relevant information pertaining to the service may be tabled at the School Board meetings through your teacher, written correspondence or parent representative.

MEMBERS OF THE SCHOOL BOARD

Members may consist of:
• Parents whose children are attending the school/ kindergarten/pre-prep;
• Representative(s) of the parish priest (if he requests same) or Parish Council member;
• School principal as the representative of the associated school;
• Other interested stakeholders in the local community.
• The School Board acts to provide advice and support to the service in relation to local issues and the service benefits from the input of parents.
• All parents are welcome and are encouraged to make written submissions to the Board as part of the centre’s monthly report. These meetings are usually held quarterly or at the discretion of the Board Members, and are advertised beforehand.

FUNCTIONS OF THE SCHOOL BOARD
• To liaise with the centre, school and other relevant bodies so that mutual understanding of the centre exists and opportunities to work together are identified.
• To assist management to identify any particular needs or issues relevant to the centre and assist in the development of solutions.

QUALIFICATIONS

Our pre-prep class has one four-year university qualified early childhood teacher and an assistant who has a minimum of a Certificate III in Child Care. At all times, there will be a nominated supervisor (designated teacher) or delegated certified supervisor responsible for the day-to-day operations of the service. Additionally, information regarding the person who is in the role of the ‘responsible person’ will be clearly displayed for all families to view.

It is a legislative requirement that ratios are maintained at a level of 1 educator for every 11 children.
ENROLMENT, ORIENTATION & FEES

On return of the enrolment and booking form and payment of the enrolment fee the teacher will verbally discuss with each family the general operations of the centre, highlighting various aspects of the program. This orientation may include but is not limited to: participation of family in the centre’s program, sign in/out procedures, fee payment options, location of the parent area, location of relevant documents, introduction of staff, and family code of conduct and parent concern procedures.

If required, centre information and other relevant community information can be translated. Please speak to the teacher if you should require this for yourself or any member of the enrolled child’s family. Fees are published every year on the pre-prep’s website and on Fact Sheet 3 Fees & Payments.

**Parent Feedback**

The centre will provide regular opportunities for parents/carers to contribute to the evaluation of the centre. For ongoing quality improvement and to ensure high standards, it is important that families and community are involved in decision-making regarding service provision. These are just some of the areas that feedback and suggestions would support the centre:

- The suitability and quality of services offered;
- The planned activities offered to children;
- Interactions between staff and children;
- The facilities and equipment in relation to the operating environment;
- Cultural aspects of the program;
- The development of service specific policies and procedures;
- Any measures that might be taken to improve methods of communication with parents.

Management will take seriously parent responses to feedback review and evaluations and communicate with parents about any changes made as a result of their suggestions.

Parents have a right to raise any grievances or concerns about our services or treatment of them at any time during their involvement with the service. Please see your child’s teacher for more information.

**Discrimination Complaints**

The centre staff will ensure that they do not engage in, encourage or accept any act of unlawful discrimination against a parent or child. Catholic Education will include training on aspects of unlawful discrimination in induction training sessions for new staff.

All staff will treat any complaint by parents concerning any unlawful discrimination sympathetically and seriously. Unlawful discrimination includes discrimination on the basis of sex, race or ethnicity, disability, age, religious or political belief.

Where a complaint is raised, a member of staff will record details of the alleged form of discrimination, place, person etc. and refer this note with contact details of the person alleging discrimination to the teacher, Assistant to the Director Schools and/or Diocesan Coordinator Early Learning & Care. The relevant person will then arrange for an investigation and take the necessary action to resolve the complaint.

**Methods of Communication**

Daily information will be shared with families regarding their children. At other negotiated times it may be necessary for educators and families to meet to discuss confidential and sensitive matters. The centre values the contributions of families and their knowledge of their child.

The centre may use a variety of media every term to keep parents informed of changes happening in relation to legislation or service operations, introducing new staff, updating information on staff professional development as well as any other information relevant to the centre.

From time to time, important information will be displayed for families at the centre, associated school, Catholic Education or parish newsletters. In our designated parent information area you will find a selection of brochures and fact sheets on various topics relating, but not limited to: child development, child protection, health and nutrition, bullying, inclusion, diversity and community resources.
We also encourage parents to look at our collections of pictures and other items of interest created by the children and displayed throughout the centre.

**COMMUNITY INVOLVEMENT**

Please see Fact Sheet 7 regarding Community Involvement.

**OUR CHILDREN**

**RESPECT FOR CHILDREN**

Kindergarten/pre-prep is a place where the children, staff and parents are treated as individuals and respected for their cultural and gender differences. Our daily programmed experiences focus on the needs and interests of each child and family.

The dignity and rights of the child are respected at all times. The centre promotes positive relationships and citizenship and therefore supports children in making responsible choices.

Physical, verbal or emotional punishment including corporal punishment or discipline that humiliates, frightens or threatens a child is totally unacceptable and is not permitted or justified as a means to guide behaviour at our centre.

Educators endeavour to:

- Provide an environment that enhances the mental and physical health of the child, stimulates the child's involvement in experiences and encourages self-esteem and a sense of achievement
- Provide support for children to make responsible choices through a decision-making process
- Provide children with uninterrupted play periods where they can become fully involved in and complete activities
- Ensure that interactions with the children are always consistent, harmonious, fair, warm and sensitive. They will encourage the child to learn about their own rights and develop a respect for the rights of others
- Ensure staff instructions are positive and age appropriate (e.g. “Please walk,” instead of “Don't run!”)
- Provide security by displaying a collaborative routine
- Ensure confidentiality when discussing a child's individual needs
- Ensure photographs of children are not taken or displayed without written permission from parents. This includes video, still film and digital images.

**INCLUSION AND DIVERSITY**

Educators endeavour to:

- Provide a variety of experiences that encourage the participation of all children

- Encourage interaction between gender groups in a positive way with organised activities and games
- Encourage children to support one another with activities and routines
- Provide a wide variety of resources (appropriate to their developmental stage) in sufficient numbers to ensure the child is not expected to wait for long periods of time for a turn
- Cater, where possible for children with disabilities, including additional staffing and special requirements associated with their care
• Liaise closely with families and with permission, associated professionals, to provide appropriate adjustments where necessary to ensure all children have access to experiences

**Child Protection and Reporting**

Child protection is everyone’s business. As adults we all have a responsibility to care for children and young people and to protect them from all forms of harm as well as to positively promote their welfare. Catholic Education in the Diocese of Rockhampton seeks to continue its adherence to legislative requirements and duty of care to children by a commitment to the implementation of child protection strategies and procedures. All families will receive a Child Protection Procedures pack on request. If families and/or educators have any concerns regarding child protection, they are encouraged to contact the Student Protection Officer at the Diocesan Catholic Education Office: 0749313600.

All staff will hold a current Positive Notice Blue Card from the Commission for Children, Young People and Child Guardian and have undergone a criminal history check as appropriate.
Children and families are strongly requested not to bring toys to the centre. The staff take no responsibility for loss or damage to personal items.

If children are required to bring items from home for show & share purposes at the centre, in consultation with parents, we will endeavour to provide a place for safe storage.

Health & Safety

The centre’s Health and Safety Procedures will be adhered to by every employee, volunteer, client and visitor entering onto or into the premises. The nominated supervisor (designated teacher) will ensure the service is a safe and healthy environment. This is in accordance with the Work Health and Safety Act & Regulations 2011.

In order to support this procedure the nominated supervisor (designated teacher) will ensure that the centre:

- Complies with all relevant Work Health and Safety Legislation and Australian Standards.
- Promotes health and safety awareness for all people coming to the location.
- Develops safe work practices and safety guidelines at each location.
- Encourages awareness of the need for health and safety at each location.

Employees, volunteers, contractors and visitors (parents/carers and others) to the site will be expected to:

- Be accountable for his/her own actions and to willingly cooperate in making the service a healthy and safe environment.
- Be accountable for the health and safety of children.
- Observe and practise personal safety while at the centre.
- Report any unsafe situations or faulty equipment to the teacher or assistant at the centre.
- Report any serious injury, dangerous occurrence or near miss to the teacher or assistant as soon as practicable.
- Avoid actions that have the potential to place at risk their health and safety or others.

Handwashing

Hand washing is one of the most important aspects of “infection control” in all activities of life. Each person at the centre including volunteers can easily contribute to satisfactory infection control procedures being maintained. Listed are recommendations from Staying Healthy in Childcare (2005) regarding suitable times to wash hands for staff, parents/volunteers and children:

**When to wash your own hands**

- When you arrive at the centre - this reduces the introduction of germs (Parents are welcome to use service facilities on arrival);
- Before handling food;
- Before eating;
- After removing gloves;
- After going to the toilet;
- After cleaning up blood, faeces or vomit;
- After wiping a nose, either a child’s or your own;
- Before giving medication;
- After handling garbage;
- After coming in from outside play;
- Before going home - this prevents taking germs home (Parents are welcome to use service facilities on departure).

**When to wash the children’s hands**

- When they arrive at the centre - this reduces the introduction of germs (Parents are welcome to use service facilities on arrival),
- Before and after eating and handling food;
- After going to the toilet;
- After coming in from outside play;
- After touching nose secretions;
- After coming in contact with blood, faeces or vomit;
- Before going home - this prevents taking germs home (Parents are welcome to use service facilities on departure).

**NUTRITION**

The centre encourages families to send food and drinks that are nutritious and enjoyed by the children (see http://www.nutritionaustralia.org/ for further details on healthy eating). Fresh water is available at the centre at all times.

The centre will encourage positive learning experiences during meal/snack times where appropriate food habits are developed in an appealing, social environment. The centre will offer opportunities throughout the year for children to experience food from different cultures through cooking activities. Food provided by the Parent will not be reheated/cooked by the centre due to health & safety guidelines.

*Please see our Nutrition Procedure for further information.*

**SPECIAL DIETARY NEEDS AND ALLERGY AWARENESS**

The centre is supportive of special dietary requirements of children. Parents are encouraged to discuss their child’s needs, including but not limited to, any food allergies, cultural or religious beliefs and how the centre can support parents to meet the child’s dietary requirements.

A regularly updated list of children who have special dietary requirements will be placed in the kitchen/food preparation area for staff reference.

Parents will note details of restrictions and/or “special” diets on the enrolment form.

Other parents are not to send food that may endanger those with special dietary needs. Please see staff for details.

Due to the serious allergic reaction that some products pose to some children who may attend pre-prep, we strongly recommend that children are not to consume while in care, products known to contain allergens.

**REST & RELAXATION TIME**

Children at our centre have a planned time to rest and relax in a peaceful and calm environment. Parents are required to provide a sheet (see Pre-prep List of Requirements) to cover mats so that children can take time-out during their busy kindy day. This time may include meditation activities, yoga, puzzles, quiet reflective music, storytelling and/or sleeping time (some children may go off to sleep during this time – parents and educators will negotiate a suitable time for the child to sleep if this occurs).

**MEDICATION**

Medication will only be administered if it is accompanied by an Authorisation to Administer Medication Form signed by the parent and is:

- Accompanied by a letter from a medical practitioner/pharmacist stating the time it is to be administered and, for medications such as rectal valium & epinephrine [Epi-pen™], authorising appropriately trained staff to administer.

OR

- In its original package with a pharmacist’s label that clearly states the child’s name, dosage, frequency of administration, date of dispensing and expiry date.
In addition:
- All medication will be kept by the staff and stored in a safe place.
- All medication will be administered and witnessed by an appropriately qualified member of staff.
- All unused medication will be returned to the parent on collection of the child.
- Should your child require ongoing medication e.g. asthma relief etc. please provide the teacher with a copy of a care plan.

**ILLNESS AND INFECTIOUS DISEASES**

Children, who develop symptoms of an infectious illness or condition, will be isolated from contact with other children as soon as the symptoms are detected. The parent will be contacted for immediate collection. The child will be monitored by staff. Any child with the symptoms when being signed in by parents will not be accepted until all symptoms have abated or until a written clearance from a Doctor (in accordance with the National Health & Medical Research Council’s Recommended Minimum Exclusion Periods) is sighted.

Such symptoms may include the following:
- Elevated temperature, flushed colouring, unusual pallor
- Coloured nasal discharge or repeated, severe coughing
- Stomach ache, vomiting or diarrhoea
- Red or discharging eyes or ears
- Undiagnosed skin rashes, sores or swellings
- Unusual activity levels, irritability, restlessness or fussy listless behaviour.

At all times the confidentiality of medical information about a child will be observed and only available to those personnel who are directly responsible for the welfare of the children at the centre.

Following medical advice, it is expected that parents would consult with educators if their child has HIV infection or Hepatitis B, C, D, E.
- When placing a child in care, who is HIV antibody positive or Hepatitis infected, a primary goal is the avoidance of any practice which violates the dignity of the child and the provision of a satisfactory standard of care to the child.
- The service will not disclose information about the HIV or Hepatitis B, C, D, E infectious status of any person without that person’s consent or the consent of the child’s parents.

Our centre will follow the following steps when caring for a child who becomes ill whilst attending pre-prep:
- The staff member will make note of the symptoms and complaints of the child.
- The child will be directed to a quiet area of the room to rest and be given water to drink.
- The staff member will check the medical register and ensure that the child has no known medical conditions which could be causing or contributing to these symptoms.
- The staff member will comfort the child and monitor further symptoms or elevation of present symptoms.
- The parent will be contacted if the symptoms in the infectious diseases section above occur, or if the child’s symptoms appear to be worsening.
- If the staff notice symptoms of an infectious condition, the child will be isolated and the parent/carer will be contacted to immediately collect the child.
**MEDICAL PLANS**

If a child enrolled at the service has a specific health care need, allergy or other relevant medical condition, parents will be provided with a copy of the *Dealing with Medical Conditions Procedure*. Medical plans must be signed by the child’s medical practitioner (plans are reviewed annually).

Where a child has been diagnosed as at risk of a medical condition, a notice stating the condition and the management of this condition must be displayed at the service for educators to follow (National Law: Section 173; National Regulations: 90–91). The child’s personal details will remain confidential.

**SUN SAFETY**

All who work and play at the centre are encouraged to be sun safe. We have in place certain measures to ensure that the children are protected from over exposure to the sun. 

*Staff and parents must ensure that children:*

- Avoid playing in direct sunlight between 10.00am – 3.00pm.
- Wear a hat with a wide brim (provided by parents).
- Apply high protection (30+) sunscreen to skin when exposure to UV is high—instructions on the sunscreen will be followed (the centre provides sunscreen although parents may also choose to supply sunscreen for their child).
- Wear a shirt which covers the shoulders and upper back (i.e. collared shirts preferred).

*Staff and children are recommended and encouraged to:*

- Wear sunglasses with side protection to reduce exposure to reflected UV when UV index is at extreme range (not compulsory for children).

**TOBACCO, ILLICIT DRUG AND ALCOHOL-FREE ENVIRONMENT**

Consuming drugs and alcohol is not permitted on the centre’s premises including entrances and car parks during operational hours.

The centre respects the need to provide a healthy and safe workplace and to ensure that children, non-smoking staff and our families enjoy fresh air. In accordance with legislation (National Law: Section 167; National Regulations: 82–83), this service is a tobacco, illicit drug and alcohol-free environment and no person may use these substances on these premises. Smoking must, under no circumstance take place in the presence of children whilst in the centre.

**EMERGENCY, EVACUATION & LOCK-DOWN PROCEDURES**

To ensure the health and safety of all those who attend our centre, there is regular training in the implementation of safety procedures.

These safety procedures include:

- Emergency procedures;
- General and Fire Evacuation;
- Lock-down.
**Programming**

Pre-preps and kindergartens in the Diocese of Rockhampton are committed to providing a quality program where every child’s physical, emotional, spiritual and social needs are met in a safe, caring and supportive environment.

Our pre-prep delivers an approved kindergarten program (Queensland Kindergarten Learning Guideline developed by the Queensland Studies Authority, the leading curriculum development agency in Queensland. The Queensland Kindergarten Learning Guideline aims to maximise learning outcomes for children who participate in kindergarten programs in Queensland and provides specific advice to teachers about the development of kindergarten programs and monitoring of children’s progress. A copy of the Guideline can be obtained free of charge from the Queensland Studies Authority website at: [www.qsa.qld.edu.au/10192.html](http://www.qsa.qld.edu.au/10192.html).

Children at our centre have access to a wide variety of stimulating, developmentally appropriate activities, including indoor and outdoor opportunities. Educators aim to collaborate with children and their families to provide meaningful play and learning opportunities that support their wellbeing, active citizenship and development. Children have choice and control over their learning as they are supported by educators.

The program reflects the importance of play in childhood, cultural diversity of the community, diversity of abilities and individual uniqueness, whilst incorporating the views of parents and the children.

A daily program will be displayed within the centre for families to offer their contributions. The programs will be evaluated regularly and will include feedback, suggestions and input from parents, children, staff and the community. Programs are designed to meet the changing needs of the children and are flexible.

Included is information collected from parents via regular and ongoing conversations with families, the Enrolment Form, Family Profile and Child Profile forms.

Children with special needs will be encouraged to participate in all activities. Activities may be modified by staff to ensure that all children are treated with dignity and their uniqueness and individuality respected.

Centres welcome family contributions to aspects of the programming including evaluation, through their suggestions, donations of resources, equipment, and participation in activities.

At the end of the kindergarten year, families will be asked to contribute to their child’s Transition Statement. The Transition Statement is a ‘point in time’ profile developed by educators, families and children outlining the progress and achievements of each child. This statement of your child’s learning journey can be shared with the school prep teachers if you elect, the following year.

**Excursions**

Service programs may at times include excursions into the local and wider community which extends the program by offering new learning experiences, new social contexts and interactions. These excursions will take into account the age, interests and abilities of the children.

It is our priority to adequately supervise children at all times during any excursion and therefore the adult to child ratios will reflect this commitment when planning to leave the school campus. As our centre is located on a school site, it is not considered an excursion if the children, accompanied by an educator, utilise the various school facilities.
QUALITY IMPROVEMENT PLANS

The aim of the centre is to work through a process of ongoing review and improvement to achieve high quality standards in specific areas. This process will include:

- The regular review and update of written policies and procedures, including handbooks;
- Correct implementation of policies and procedures;
- Regular reviews of implementation;
- The inclusion of staff, families and children in the review process;
- Ensuring stakeholders are aware of the centre’s philosophy and how it is implemented.

Current ratings for each Quality Area in the National Quality Standard and the overall rating of the centre will be displayed for families to view.
